

Nottingham Voluntary Action Centre

First choice for meetings, conferences and events in the voluntary and community sector

Shared space. Common goal.

Located in Nottingham city centre, we offer conference, meeting and training rooms to suit from 2 to 80 people.

By choosing Nottingham Voluntary Action Centre (NVAC), you help us support thousands of voluntary and community organisations in Nottingham.

In return, we offer all our customers high standards of service, first-class facilities and real value for money.

We also offer high quality audio and visual equipment and a great value catering service. All our rooms are fully accessible to people with disabilities and are air conditioned.

We offer

✓ **Affordable rates**

We believe a good meeting room shouldn't be expensive.

As a social enterprise and owners of the building we have no financial demands from outsiders. This allows us to keep the room rates low for our customers.

✓ **City centre location**

NVAC is easy to find. We are right in the centre of Nottingham, opposite The House of Fraser on Mansfield Road.

Bus stops, the tram line and pay-and-display car parking are all very close, making it the ideal place to meet members of different groups in a central location.

✓ **Equipment hire**

We offer a high quality selection of audio and visual equipment. This ranges from laptops, LCD projectors, TVs and DVD players to paper, pens and flipcharts.

Our friendly, fully trained staff can offer support throughout your session, allowing your day to run smoothly, and leaving you to concentrate on your work.

✓ **Accessibility to all**

All rooms have full disabled access, with disabled parking available outside the building. To make your meeting as comfortable as possible, our rooms are air conditioned.

We aim to fit in with your diary and rooms are available for hire; days, evenings and weekends all year round.

✓ **Ethical and green policies**

All profits are put back into our aims: supporting the local third sector to accomplish your own goals.

We support the environment by using 100% non toxic products, collecting all refuse for recycling and using only Fairtrade products. Our Green Group also meet once a month to look at the best way to reduce our carbon footprint.

✓ **Catering service**

We can assist you with a cost effective, quality catering service. Our superb variety of menu options suit all dietary requirements, including vegan and free-from ranges. Simply mention your preference when booking.
