

NHS Nottingham City procurement training

Course description

The course is designed to get organisations thinking about how they should present themselves to NHS Nottingham City in a tendering situation to stand the best possible chance of winning a contract.

During the session we look at the procurement processes of the NHS and how organisations should respond.

What level is this course for and who should attend?

Levels 1 and 2

What will participants learn?

- How to register with the NHS as a potential supplier
- NHS prequalification systems
- How to find out about future tendering opportunities
- The commissioning priorities affecting NHS Nottingham City
- How to respond effectively in a competitive tendering situation
- How NHS Nottingham City evaluate tenders
- Best practice for bidding in consortia
- The importance of sound governance
