

# Outcomes or impact of your work

## Course description

Most funders now ask: what impact will your project make?

You must prove to funders that your group's activities have an impact and produce the 'outcomes' you state they do.

This course will help you to explain the outcomes of your project or activities and how to monitor and evaluate them.

## What level is this course for and who should attend?

Levels 1 and 2

Third sector, public or private organisations

## What will participants learn?

- Understand what outcomes are
- Appreciate the difference between outcomes and outputs
- Establish and explain the outcomes of your work
- Identify how to measure outcomes
- Use simple methods to monitor your activities
- As a result, improve your funding applications
