

# Have you thought about Volunteering?

**Nottingham  
Community  
and Voluntary  
Service**

**Volunteering is great for your community and for you.  
It makes Nottingham a better place and can help you  
to change your life in positive ways.**

## **Volunteering:**

-  Provides new experiences
-  Gives you the chance to share your skills and interests, for the benefit of others
-  Boosts your confidence and improves your health and wellbeing
-  Is a fun way to meet new people
-  Can be done from your own home

Organisations benefit hugely from the committed time and skill set of volunteers, increasing the experience and diversity of their teams. Many local organisations are entirely led by volunteers.

Nottingham Community and Voluntary Service (NCVS) is here to guide you in finding a volunteer role that suits your needs and skills. We run Nottingham's only accredited Volunteer Centre, helping to match individuals with the volunteer opportunities on offer across the city and surrounding areas.

There are hundreds of volunteering opportunities to choose from in Nottingham and surrounding areas, hosted by many different organisations.

We've brought them together in one place to make it easy for you to express interest.

### Types of opportunities include:

 Befriending and buddying

 Driving

 Fundraising

 Gardening and conservation

 Retail and charity shops

 Marketing, PR and media

 Youth work
